

HEVILIFT GROUP – QUALITY POLICY

Hevilift Group is committed to a corporate quality system focused on the provision of safe and sustainable aviation services, delivered over a diversified and dynamic operating environment.

We achieve this through selective recruitment of staff, superior equipment and services, Company and client support, technical expertise, supplier partnerships and industry leadership.

Our quality and business objectives are designed to challenge the organisation through continual improvement, innovation and a passion for quality results.

Hevilift Group's Board of Directors and managers at all levels confirm their commitment to the Quality Management System by being actively involved and committed to quality outcomes, visibly endorsing the Quality Management System, ensuring resources are allocated to Quality management and actively encouraging all company employees to participate in continuous improvement of our systems and procedures.

It is the responsibility of each and every Hevilift Group employee to understand and help achieve our quality goal.
